Notes:

- 1. A deposit will be charged to non-local applicants to cover bank charges related to bank remittance and wire transfer at the time of billing for the deposit for the programme or the first instalment of the tuition fees. Any remaining balance after covering bank charges will be kept in the student's account with the College to offset future tuition fee payments. The remaining balance will be forfeited if the non-local applicant does not register for any programme in the College.*
- 2. The caution money is chargeable to all students at first registration and refundable upon official withdrawal from the College, subject to no claim being outstanding. The sum will be converted to graduation fee upon completion of a programme.*
- 3. The fee for retention of study place will be charged to students approved for leave of absence or students who do not take any courses in the semester (except semester 3) during the normal programme duration.*
- 4. The extension fee after normal duration will be charged to students by semester who are not required to pay any tuition fees for that semester (except for semester 3). This covers students who have completed all courses in the College but not yet fulfilled the graduation requirements by completing the Work-Integrated Learning Programme/Co-operative Education Scheme/Community Service Programme required by the programme and attaining a valid score of 6.0 in IELTS or equivalent (for degree level programmes only) etc. Students are required to submit the required supporting documents (such as Work-Integrated Learning Programme Internship Record & Completion Certificate) to the College as soon as practicable but before the commencement of next semester to avoid the extension fee.*
- 5. Students are required to pay the non-refundable administration fee for application for refund/waiver of the tuition fees. The College will only consider refunding/waiving of tuition fees under special circumstances with sufficient supporting documents and reasons provided by the students. The College reserves the right not to approve any refund/waive of tuition fees.*
- 6. The fee will be charged for each of the outstanding College Seminars to be attended in subsequent academic year(s).*
- 7. It will be refunded to the student if an adjustment in grade is approved by the College.*
- 8. The fee does not include postage or courier cost which will be charged if delivery arrangement is requested. Please contact the Registry for information.*
- 9. The graduation fee will normally be offset against the caution money for all students leading to awards being given by the College.*
- 10. An administrative fee will be charged to students for splitting a payment by using whatever payment methods. Specifically, the College will charge the administrative fee for each transaction from the fourth transaction onwards made by students.*
- 11. The Students' Association membership fee is applicable to all full-time students of the College. The fee is collected by the College on behalf of the Students' Association. Students who do not wish to join SA should contact the Student Affairs Office directly before the end of the first month of the new academic year for withdrawal of their Students' Association membership and the membership fee will be refunded before the end of the second month of the same academic year. The College will arrange for fee refund to the student account of the College's Student Payment System after receiving notification from the Student Affairs Office.*
- 12. The above fees and charges are imposed by the College and units may have their own charges e.g. Library charges are not included in the above table.*
- 13. The above fees and charges of the College are subject to annual review and shall be revised upon approval by the Management Board without prior notice to students.*
