^ Submit application through TWGHs

About Tung Wah College

Tung Wah College (TWC) is a self-financing tertiary education institution established by Tung Wah Group of Hospitals (TWGHs) which is the oldest and largest charitable organisation in Hong Kong providing a wide range of medical and health, education and community services to fulfil the needs of the society. The College went through the Institutional Review (IR) by the Hong Kong Council for Accreditation of Academic and Vocational Qualifications (HKCAAVQ) in 2010 and is registered under the Post-Secondary Colleges Ordinance (Cap. 320) as an approved self-financing degree granting institution.

Taking advantage of TWGHs' strengths and expertise in medical and health, education, and social services etc., TWC aspires to become a renowned privately-funded university, recognised for high quality programmes focusing on practical application for both for-profit and non-profit organisations, while nurturing youngsters to be caring citizens with a sense of social responsibility.

Currently the College offers degree and sub-degree programmes in diverse disciplines (including Social and Business Sustainability, Applied Psychology, Early Childhood Education, Medical Science, Medical Laboratory Science, Radiation Therapy, Occupational Therapy, Physiotherapy, Nursing and Applied Gerontology etc.) through four Schools, namely School of Arts and Humanities, School of Management, School of Medical and Health Sciences, and School of Nursing. The College has a student population of over 3,000 and has nurtured over 2,600 graduates.

In 2021/2022, 5 degree programmes and 2 sub-degree programmes offered by TWC are included in the Government's Study Subsidy Scheme for Designated Professions/Sectors (SSSDP):

- Bachelor of Health Science (Hons) in Nursing ^
- Bachelor of Science (Hons) in Medical Laboratory Science ^
- Bachelor of Science (Hons) in Radiation Therapy ^
- Bachelor of Science (Hons) in Occupational Therapy ^
- Bachelor of Science (Hons) in Physiotherapy ^
- Higher Diploma in Health Science
- Higher Diploma in Nursing

[^] Application through JUPAS

Students taking the above SSSDP degree programmes are eligible for an annual subsidy of \$76,800 in 2021/2022. For students of the two SSSDP sub-degree programmes, the annual subsidy is \$37,000 in 2020/2021. Students admitted into other degree programmes (including first & senior year entry) are also eligible for the Government's Non-means-tested Subsidy Scheme for Self-financing Undergraduate Studies in Hong Kong (NMTSS). In 2020/2021, the NMTSS subsidy is \$32,100.

Remark: The annual subsidy may vary in each academic year and subject to the decision of the Education Bureau.

Programme Information

Senior Year Entry is available

Associate Degree / Higher Diploma holders may apply. Please refer to P.38 for details of the admission requirements.

Entrance Scholarships for First Year Entry

FULL scholarship
(after deduction of the subsidy under NMTSS in the first year of study)
For year 1 students with a HKDSE score of 14 or above
(4 core subjects + 1 elective subject)

Entrance Scholarships for Senior Year Entry

HK\$40,000
For senior year students with a cGPA 3.0 or above

Guaranteed Overseas Study Visit

At least 1 overseas study visit to widen students' exposure

Guaranteed Internship

At least 480 hours of discipline-related internship to learn the practical application of psychology at workplace
(e.g. at TWGHs or other organisations)

PROGRAMME DESCRIPTION

The programme aims to equip students with comprehensive theoretical and practical knowledge of psychology and enables them to apply this knowledge in social welfare, educational, healthcare and various work settings. The programme will also equip students with critical thinking, problem solving, and research skills necessary to conduct scientific studies. Students will develop their interpersonal competencies in self-awareness, appreciation and acceptance of individual differences and cultural diversity as well as their commitment to ethical and professional behaviours throughout the programme. Graduates can pursue careers in psychology and related fields as well as further study in professional areas of psychology.

PROFESSIONAL RECOGNITION

Graduates are eligible to apply for membership of the Hong Kong Psychological Society (HKPS), British Psychological Society (BPS) and Australian Psychological Society (APS).

CAREER PROSPECTS AND FURTHER STUDIES

Graduates are equipped with the knowledge, skills and values to work in social sciences/psychology related fields and settings such as social work and services, public relations and communications, politics, personnel, advertising, management and retail. They can also take up teaching and research due to their capacity for independent thinking, problem solving ability and highly developed interpersonal skills.

Graduates may also choose to further their studies in clinical, counselling, educational or organisational psychology or a professional in other specialised fields of psychology.

STUDENTS'/ GRADUATES' SHARING

Lee Cheuk Yu

- Graduate of Bachelor of Social Science (Hons) Major in Applied Psychology 2019
- Now a Tutor at Boaz International Education Institute

The psychological knowledge I learned was very practical in my daily life and could be applied to different scenarios. As an athlete, I used to make myself stressed during races. Studying psychology enabled me to understand more the origin of negative thoughts and helped me find my way to handle stress in a proper way. I am thankful to the College for providing great support to help with my non-academic development such as trail running and photography. It boosted my confidence and sharpened my leadership skills.

HK\$20,000

*For students with a HKDSE score of 12 or above
(2 core subjects + 3 elective subjects)*

Guaranteed Overseas Study Visit

At least 1 overseas study visit to widen students' exposure

Internship

At least 240 hours of full-time context-related internship

Direct Articulation

Directly articulate to senior year entry of the Bachelor of Social Science (Honours) programme upon completion of studies

PROGRAMME DESCRIPTION

The programme aims to equip students with foundational psychological knowledge and skills to develop a career in human services, especially in social welfare and healthcare settings. Students will learn the interaction between psychological and social factors in shaping psychological wellbeing, personal development and group behaviours. Graduates will be able to apply knowledge, communication and interpersonal skills, caring attitude as well as professional ethics to work in health and social care and related services. They can also pursue further study in psychology and other related disciplines.

CAREER PROSPECTS AND FURTHER STUDIES

Graduates are equipped to enter the workforce at para-professional levels in human services. In particular, graduates can develop a career in health and social care services to provide supervised care to people in need, examples of posts include psychological service assistants, welfare workers, marketing assistants, human resource assistants and student development assistants. Graduates with satisfactory performance can articulate to senior year entry of the Bachelor of Social Science (Honours) in Applied Psychology at TWC, or relevant bachelor's degree programmes at other institutions.

STUDENTS'/ GRADUATES' SHARING

Hau Hok Him

- Graduate of Higher Diploma in Psychology
- Student of Bachelor of Social Science (Honours) in Applied Psychology

I am impressed by the TWC academic staff who always focus on inspiring and encouraging students to think out of the box during academic consultations. The theories taught in the programme are practical and applicable in many industries. After graduating from the Higher Diploma in Psychology, I continue my study in the Bachelor of Social Science (Honours) in Applied Psychology at TWC. I am confident that this will equip me for my career in the future.

Bachelor of Education (Honours) in Early Childhood Education

幼兒教育(榮譽)教育學士

Programme Leader	Dr. Paul Wong <i>BSc (Psychology), LU, UK</i> <i>TCSEN, EdUHK</i> <i>MEd, CUHK; PhD, HKU</i>

Validity period:	01/09/2018 to 31/08/2022

Programme Information

Senior Year Entry is available

Applicants should have completed a recognized or equivalent Higher Diploma/ Certificate programme in Early Childhood Education; OR have obtained an equivalent qualification.

Part-time mode for senior year entry is available.

Entrance Scholarships for First Year Entry

FULL scholarship
(after deduction of the subsidy under NMTSS in the first year of study)
For year 1 students with a HKDSE score of 15 or above
(4 core subjects + 1 elective subject)

Entrance Scholarships for Senior Year Entry

HK\$40,000
For senior year students with a cGPA 3.0 or above

PROGRAMME DESCRIPTION

This programme aims to prepare students for professional careers in early childhood settings. Students will learn the theory and pedagogy of Early Childhood Education to meet the needs of caring and educating for young children (0 to 8 years of age).

A distinctive feature of the programme is its students' exposure to research and practical experiences with children.

Education for children with Special Education Need (SEN) is another unique feature of the programme. By acquiring specialized knowledge and skills of special education, the programme enhances students' abilities to support children with diverse developmental needs.

PROFESSIONAL RECOGNITION

Graduates are recognised by the Education Bureau (EDB) as meeting the requirement for registration as Qualified Kindergarten Teachers under the Education Ordinance, and eligible for registration as Child Care Workers (CCW) and Child Care Supervisors (CCS) under the Child Care Services Ordinance of the Social Welfare Department (SWD). Besides, graduates are also recognised as Special Child Care Workers (SCCW) by SWD.

CAREER PROSPECTS AND FURTHER STUDIES

Kindergarten teachers are in great demand in various early childhood settings which include crèche, nursery cum kindergarten, kindergarten, international school and special child care centre etc. Graduates are capable of serving in various early childhood settings in Hong Kong.

Graduates are able to articulate to postgraduate programmes in early childhood education or similar disciplines at other local and overseas education institutions.

STUDENTS' / GRADUATES' SHARING

Jade Yeung

- Graduate of Bachelor of Education (Honours) in Early Childhood Education (2020)

Tung Wah College creates a positive and active learning atmosphere, which definitely boost my learning outcomes. It is my pleasure to be taught by those experienced professors and developed a harmonious relationship with them. Not only can we maintain a teacher-student relationship, but also a friendship. This is inspiring that they deliver professional knowledge via diverse and advanced teaching and learning strategies. I did understand more complex concepts and theories deeply by attending the creative lesson designed by my school's professors. I am convinced that they would be my role models of being an open-minded, explorative, flexible, brave, reflective and modern teacher.

Direct Articulation

Directly articulate to senior year entry of the Bachelor of Education (Honours) programme upon completion of studies

PROGRAMME DESCRIPTION

The programme equips students with the professional knowledge, skills and professional ethics in early childhood education. The students can also acquire the necessary strategies to perform competently in the care and education of young children aged 8 or below in various early childhood settings in Hong Kong.

PROFESSIONAL RECOGNITION

Graduates are recognised by the Education Bureau (EDB) as meeting the requirement for registration as Qualified Kindergarten Teachers under the Education Ordinance, and eligible for registration as Child Care Workers (CCW) and Child Care Supervisors (CCS) under the Child Care Services Ordinance of the Social Welfare Department (SWD).

CAREER PROSPECTS AND FURTHER STUDIES

Graduates are capable of serving in various early childhood settings in Hong Kong such as crèche, child care center, nursery school, nursery cum kindergarten, kindergarten, international school and special child care centre as well as playgroup.

STUDENTS' / GRADUATES' SHARING

Mandy SIU

- Graduate of Higher Diploma in Early Childhood Education (2020)

During my study at Tung Wah College, our teachers provide quality and vivid learning atmosphere. They are generous in sharing their kindergarten teaching experiences which are useful to be applied in practicums, especially the class management skills. Also, before I conducted a placement in a kindergarten, workshops were held to explain what we should do. As a result, we were not so stressed when we managed the classes at our first attempt. These are the reasons why I decided to articulate to senior year entry of Bachelor of Education (Honours) in Early Childhood Education.

Bachelor of Management (Honours) in Social and Business Sustainability

社商企業持續發展(榮譽)管理學學士

Programme Leader	Prof. Albert Teo <i>BA, BSocSc, NUS, Singapore MS, PhD, UC Berkeley, USA</i>

Associate Degree / Higher Diploma holders may apply. Please refer to P.38 for details of the admission requirements.

Entrance Scholarships for First Year Entry

FULL scholarship
(after deduction of the subsidy under NMTSS in the first year of study)
*For year 1 students with a HKDSE score of 14 or above
(4 core subjects + 1 elective subject)*

Entrance Scholarships for Senior Year Entry

HK\$40,000
For senior year students with a cGPA 3.0 or above

PROGRAMME DESCRIPTION

This programme provides students with transdisciplinary knowledge on how different organisations in the business and social sectors achieve both economic and social goals. Students learn how the following three types of organizations are able to simultaneously generate profits/surpluses and create social value:

- i Businesses practising corporate social responsibility (CSR) or creating shared value (CSV)
- ii Social enterprises
- iii Non-profit organisations

Given the programme's emphasis on experiential learning, students acquire skills to identify and analyse social problems, and work with communities to develop effective, sustainable solutions to these problems. Students also have opportunities to participate in work internships, capstone projects and overseas study tours.

UNIQUE PROGRAMME FEATURES

- Learn experientially how to:
 - Map communities' aspirations, needs and assets
 - Use design thinking to develop innovative solutions to community problems
 - Use futures thinking to anticipate future challenges and to help shape a better future
 - Measure the social impact of organisational programmes and activities
- Gain practical experience through work internship and capstone project
- Participate in overseas study tours to appreciate how social problems are addressed in other countries

CAREER OPPORTUNITIES

- A career in a social enterprise, NPO, or company with a CSR or CSV programme, taking on one of various possible job functions including:
 - Philanthropic fund raising
 - Community engagement
 - Business development
 - Communications and public relations
 - Marketing
 - Administration
 - Operations
- Alternatively, an opportunity to start up a social enterprise to address a social problem

STUDENTS' / GRADUATES' SHARING

Charis Tam

- Student of Bachelor of Management (Honours) in Social and Business Sustainability

In the programme, I learn how different types of organisations are managed. What is exciting for me is that I do not only learn how organisations can achieve financial stability, but also how they can help society to solve social problems. I get to develop very practical skills like interviewing and communicating with other people, identifying and analyzing problems, and working with others to develop effective solutions to problems. With these useful skills, I will be better prepared for the job market after I graduate.

Bachelor of Medical Science (Honours)

醫療科學(榮譽)學士

Programme Leader

Prof. Danny Gohel

Programme Information

Senior Year Entry is available

Associate Degree / Higher Diploma holders may apply. Please refer to P.38 for details of the admission requirements.

Entrance Scholarships for First Year Entry

FULL scholarship
(after deduction of the subsidy under NMTSS in the first year of study)
For year 1 students with a HKDSE score of 18 or above
(4 core subjects + 1 elective subject)

Entrance Scholarships for Senior Year Entry

HK\$40,000
For senior year students with a cGPA 3.0 or above

PROGRAMME DESCRIPTION

The programme aims to prepare students with firm scientific knowledge and technical expertise. It also provides a scientific foundation for students who intend to pursue postgraduate studies in professional medical and health disciplines such as medicine, dentistry, chiropractic, veterinary science, nursing, physiotherapy etc.

PROGRAMME-SPECIFIC REQUIREMENTS

Preference will be given to applicants who have obtained Level 2 or above in Integrated Science or Combined Science in HKDSE.

CAREER PROSPECTS AND FURTHER STUDIES

Basic Medical Sciences students will be prepared as pre-professional graduates who can become eligible to enter Medicine, Dentistry, Chiropractry, Chinese Medicine and Veterinary Science in the region or overseas. They may also pursue research degrees (MPhil and PhD) to enter academic careers as they will have the attributes of fundamental laboratory skills, an inquisitive mind and problem-solving skills.

Opportunities for Forensic Science graduates will be available at the Hong Kong Police Force, the Fire Services, the Customs and the Excise Department, and the Agriculture, Fisheries and Conservation Department of the Hong Kong Government.

STUDENTS'/ GRADUATES' SHARING

Kathie Chong

- Graduate of Bachelor of Medical Science (Honours) (2017)
- Currently working at Quality Health Care Medical Services

During my study at TWC, teachers encouraged and supervised us greatly to enhance and enrich our professional knowledge and skills. I worked at a medical-based company for the placement, which gave me a great opportunity to gain practical knowledge and strengthen my communication as well as management skills.

Bachelor of Science (Honours) in Medical Laboratory Science

 資歷架構 Qualifications Framework	
QF Level:	5
QR registration no.:	17/000003/L5
Validity period:	01/09/2017 to 31/08/2022

Programme Information

PROGRAMME DESCRIPTION

The programme provides the foundation training for adopting a career in Medical Laboratory Science. The first year will mainly focus on General Education and foundation scientific learning. From the second year onwards, students will be taught the principles and practice of the 4 major sub-specialties of Medical Laboratory Science: Anatomical & Cellular Pathology, Chemical Pathology, Haematology & Transfusion Science, and Medical Microbiology & Virology. There will be a 12-week clinical practicum in the first semester of the fourth year during which students will receive practical training in public and/or private hospital medical laboratories. Graduates are eligible for registration as a Medical Laboratory Technologist “醫務化驗師” (Part II). This statutory registration is a prerequisite for employment in local public and private health services.

PROGRAMME-SPECIFIC REQUIREMENTS

- Applicants are expected to have studied Chemistry/Combined Science (including Chemistry) up to HKDSE level.
- Preference will be given to applicants who have obtained Level 4 or above in Chemistry or Combined Science (including Chemistry) in HKDSE.
- Preference will be given to applicants who have obtained Level 4 or above in English Language in HKDSE. Candidates may be invited for interview.
- The programme aims to provide students with training and knowledge for equipping them to be an efficient and effective healthcare worker. It is expected that prospective students should possess relevant foundation scientific knowledge in order to benefit from learning.
- Applicants should have normal colour vision, as this is usually required for employment in local medical laboratories.
- Applicants should be prepared to handle human samples, tissues and body fluids.

PROFESSIONAL RECOGNITION

The programme is accredited by the Medical Laboratory Technologists Board of the Supplementary Medical Professions Council (SMPC). Graduates are qualified for registration as Medical Laboratory Technologists (Part II).

CAREER PROSPECTS AND FURTHER STUDIES

The programme enables the graduates to be recognised and be gainfully employed in their professions. Graduates will mainly be employed by private and public medical laboratories, including those of the Department of Health, the Hospital Authority, private hospitals and clinics.

For those graduates who are interested in pursuing further studies, they may choose to attend graduate school in local or overseas institutions for higher degrees (Master or Doctoral).

STUDENTS'/ GRADUATES' SHARING

Michelle Chan

- Graduate of Bachelor of Science (Honours) in Medical Laboratory Science (2017)
- Currently an Associate Medical Technologist at United Christian Hospital

Laboratories in TWC are well equipped as those of hospitals. During clinical practicum, I developed practical clinical laboratory skills, time management and multi-tasking skills that a medical technologist should possess. Thanks to TWC that I am able to adapt quickly in work and develop my career.

Bachelor of Science (Honours) in Radiation Therapy

放射治療學(榮譽)理學士

Programme Leader	Prof. Maria Law <i>PhD, Chinese Academy of Science, Registered Radiographers (Part I)</i>
Medium of Instruction	English
Total No. of Credits	138 credits
JUPAS Catalogue No.	JSST03
Years of Study	4 years

 資歷架構 Qualifications Framework	
QF Level:	5
QR registration no.:	18/000008/L5
Validity period:	01/09/2018 to 31/08/2022

Programme Information

Senior Year Entry is available

For Senior Year Level entry, applicants should:

- (i) have completed a BSc in Radiography or Medical Imaging; OR
- (ii) have obtained equivalent qualifications.

PROGRAMME DESCRIPTION

The programme provides the foundation training for adopting a career in Radiation Therapy. The first year will mainly concentrate on General Education and some fundamental scientific learning in Radiotherapy. From the second year onwards, students will be taught topics related to the practice of radiation therapy technology e.g. radiation oncology, radiotherapy techniques, radiotherapy physics and equipment, radiation safety and radiobiology. Students are required to complete 36 weeks of clinical practicum which spreads throughout Year 2 to Year 4. Graduates are eligible for registration as a Radiographer (Therapeutic) “放射技師 (治療類)” (Part II). This statutory registration is a prerequisite for employment in public and private radiotherapy practice in Hong Kong.

PROGRAMME-SPECIFIC REQUIREMENTS

- Applicants must have obtained Level 3 or above in one science-related Elective / Applied Learning subject in HKDSE.
- Preference will be given to applicants who have obtained Level 3 or above in Physics / Integrated Science / Combined Science with Physics / Mathematics (Compulsory Part) / Liberal Studies in HKDSE.
- Preference will be given to applicants who have obtained Level 4 or above in English Language in HKDSE.
- Applicants should have normal colour vision, as this is usually required for employment in radiotherapy departments of public and private hospitals.

PROFESSIONAL RECOGNITION

The programme has received accreditation from the Radiographers Board of the Supplementary Medical Professions Council (SMPC) in August 2016. Graduates are qualified for registration as Radiographers (Therapeutic Stream) (Part II).

CAREER PROSPECTS AND FURTHER STUDIES

The programme enables the graduates to be recognised and be gainfully employed in their professions. Graduates will mainly be employed by public or private hospitals. The rich programme curriculum enables graduates to further study in local and overseas master programmes in medical imaging and radiation science, medical physics and healthcare management.

STUDENTS'/ GRADUATES' SHARING

Amy Cheng

- Graduate of Bachelor of Science (Honours) in Radiation Therapy (2017)
- Currently a Radiation Therapist at Hong Kong Sanatorium & Hospital

With 4 years of training at TWC, I am confident to be a qualified radiation therapist. I find job satisfaction from providing excellent care to patients and making them feel warm and cared throughout the radiation therapy treatment.

Bachelor of Science (Honours) in Occupational Therapy

Programme Information

PROGRAMME DESCRIPTION

The programme aims to provide students with foundational training in occupational therapy. Through professional administration of assessment and therapeutic occupational activities, people with psychosocial, physical or cognitive dysfunctions, developmental disabilities or post-traumatic experiences can develop, regain or maintain their life functioning and fully participate in their home and community.

PROGRAMME-SPECIFIC REQUIREMENTS

- Preference will be given to applicants who have obtained Level 3 or above in Biology or Combined Science (Biology) in HKDSE.
- Preference will be given to applicants who have obtained Level 4 or above in English Language in HKDSE.
- Preference for interview invitation will be given to selected candidates who place the programme as their Band A choices in JUPAS.

PROFESSIONAL RECOGNITION

The programme has received accreditation from the Occupational Therapists Board of the Supplementary Medical Professions Council (SMPC) in June 2017. Graduates are eligible to apply for registration as Occupational Therapists “職業治療師” (Part II) for practice in Hong Kong.

The programme is also approved by the World Federation of Occupational Therapists (WFOT). Graduates are recognized as meeting the international standard for education of Occupational Therapists.

CAREER PROSPECTS AND FURTHER STUDIES

Graduates can provide occupational therapy services to clients with diverse conditions in hospitals, social service settings, schools, private clinics, nursing homes, and in the community. The well-balanced curriculum of the programme enhances the opportunity of the graduates for further study in local and overseas postgraduate programmes in occupational therapy, rehabilitation sciences, health and medical sciences, social sciences, and healthcare management.

STUDENTS'/ GRADUATES' SHARING LO YI TO MICHELLE

- Graduate of Bachelor of Science (Honours) in Occupational Therapy (2020)

The programme offers students ample professional advantage. Structured yet flexible, the program equips students with both knowledge and skills in the field of Occupational Therapy. It has been an excellent journey for me to explore my interests and develop my professionalism. I have learned how to develop and incorporate my creativity into practice. Special thanks to all the academic staff, who are inspirational and have supported me throughout my 4 years at Tung Wah College.

Bachelor of Science (Honours) in Physiotherapy

物理治療學(榮譽)理學士

 資歷架構 Qualifications Framework	
QF Level:	5
QR registration no.:	18/000434/L5
Validity period:	01/09/2018 to 31/08/2023

Programme Information

PROGRAMME DESCRIPTION

The programme aims to nurture students to become professional physiotherapists with a caring attitude, strong communication and leadership skills, commitment for lifelong learning and an ability to serve the healthcare needs in the community. The programme content is matched to the requirements of the local registration board and international entry-level physiotherapy education standards. In addition to lectures, we teach physiotherapy core courses through small group teaching, utilising both specialised laboratories and real clinical settings. The programme includes over 1,000 hours of clinical placements in different settings such as hospital in-patient and out-patient departments, as well as community-based rehabilitation centres.

PROGRAMME-SPECIFIC REQUIREMENTS

- Preference will be given to applicants who have obtained Level 3 or above in Biology / Physics / Combined Science (Biology and Physics) in HKDSE.
- Preference will be given to applicants who have obtained Level 4 or above in English Language in HKDSE.
- Preference for interview invitation will be given to selected candidates who place the programme as their Band A choices in JUPAS.

PROFESSIONAL RECOGNITION

The programme is accredited by the Hong Kong Council for Accreditation of Academic and Vocational Qualifications for a period from 1 September 2018 to 31 August 2023, and is approved by the Chief Executive-in-Council.

The College is currently seeking professional accreditation of the programme from the Physiotherapists Board of the Supplementary Medical Professions Council (SMPC) for the purpose of professional registration under the Supplementary Medical Professions Ordinance. The professional accreditation process is in progress. The College anticipates that professional recognition will be granted before graduation of the first cohort of students.

CAREER PROSPECTS AND FURTHER STUDIES

After obtaining the registration with the Physiotherapists Board of Hong Kong, graduates will be able to work in the Hospital Authority, subvented non-governmental organisations (e.g. rehabilitation services, elderly services, community centres, sheltered workshops and special childcare centres), the Education Bureau (special schools, early childhood education and training centres), and private organisations (e.g. private hospitals, private clinics, nursing homes and homes for the elderly).

For further studies, graduates will be eligible to articulate to higher degrees in research such as Master of Philosophy (MPhil)/ Doctor of Philosophy (PhD), or enrol in taught Master degree programmes in Physiotherapy locally and overseas.

STUDENTS'/ GRADUATES' SHARING

Fion Cheung

- Student of Bachelor of Science (Honours) in Physiotherapy

Studying at TWC has given me ample opportunities to develop my career and knowledge. I was invited to take part in various professional seminars and community service programmes, and this gave me the chance to meet my future colleagues in the physiotherapy field. Academic staff are passionate in teaching, providing immediate and thoughtful feedback for our practical and academic work. They also care about our personal development. I am beyond grateful for this precious opportunity to become a physiotherapy student at TWC.

Entrance Scholarships

HK\$20,000

For students with a HKDSE score of 14 or above (2 core subjects + 3 elective subjects)

PROGRAMME DESCRIPTION

The programme provides opportunities for young people to enter health service industries from a pre-professional level. It is unique in terms of combining the clinical skills with laboratory skills in a two-year training and supporting employment for positions of clinical assistant and laboratory assistant in public/private clinics and medical/ life science laboratories. Moreover, this programme reinforces academic components in biomedical science so that graduates may articulate to a degree programme in medical and health disciplines such as medical science, nursing and other related disciplines.

CAREER PROSPECTS AND FURTHER STUDIES

Graduates will be equipped with skills and knowledge supporting employment from pre-professional positions such as clinical assistants and laboratory assistants.

Graduates will also be eligible to pursue study in bachelor's degree programme through Senior Year Entry in Medical Science, Nursing and Applied Gerontology offered by Tung Wah College and medical and health related programmes offered by other local or overseas institutions.

Audrey Tang

- Graduate of Higher Diploma in Health Science (2020)
- Student of Bachelor of Medical Science (Honours)

Since I have studied at TWC for 2 years, I have learned a lot of medical knowledge and laboratory skills to broaden my horizon. I have the opportunities to know our society better by participating in community services which enables me to understand the needs of patients whom I will encounter at workplace. The teachers' encouragement also plays an important role throughout my study that I decide to pursue study in BMSc (Senior Year Entry) at TWC.

Programme Information

Senior Year Entry is available

Associate Degree / Higher Diploma holders may apply. Please refer to P.38 for details of the admission requirements.

PROGRAMME DESCRIPTION

The programme aims to prepare students for professional careers in nursing with competence to deliver high quality patient care and make significant contribution to the health of the community. The objectives are:

- (1) to develop students' competence in health promotion, maintenance and restoration, and prevention of illness through the delivery of primary, secondary and tertiary health care in various hospital and community settings;
- (2) to equip students with problem solving and clinical reasoning skills;
- (3) to equip students with effective communication skills for the delivery of individualized care as well as for facilitation of teamwork;
- (4) to provide students with experiential learning opportunities to facilitate integration of theory and practice in their chosen profession; and
- (5) to nurture students' all-roundness by expanding students' understanding and appreciation of other cultures and environment.

PROGRAMME-SPECIFIC REQUIREMENTS

- Preference will be given to applicants who have obtained Level 4 or above in English Language in HKDSE.
- Only applicants who have taken elective subjects under Category A will be considered.
- Applicants should be fluent in written English and Chinese, and in oral English and Cantonese.

PROFESSIONAL RECOGNITION

Graduates are eligible to apply for the license of Registered Nurses “註冊護士” (RN) from The Nursing Council of Hong Kong (NCHK).

CAREER PROSPECTS AND FURTHER STUDIES

Graduates can start their career in health and social care areas including hospital and community settings. In hospital, they can work at acute and non-acute units such as emergency department, operating room, paediatrics, medical and surgical units. In community setting, they can contribute to residential care services such as care of the elderly, and care of the disabled. They can also work at family and child clinic, out-patient departments, ambulatory day-care centre, etc. Graduates who wish to have career advancement as advanced practice nurse, nurse consultant, nurse manager, academic faculty member, researcher and etc. may pursue postgraduate studies in various areas such as master or doctoral degree in education, nursing, public health, social science, health service management etc.

STUDENTS'/ GRADUATES' SHARING

Lee Kwun Chung

- Graduate of Bachelor of Health Science (Honours) in Nursing (2019)
- Now a Registered Nurse at Queen Elizabeth Hospital

Studying at TWC paved my way to become a Registered Nurse. Over the past five years, I was a team member and once captain of the Dragon Boat Team. Such memorable experience makes me understand that team spirit is the key to overcoming difficulties – whether I am working in a ward or participating in a dragon boat race. TWC has enabled me to sharpen my skills and I am honoured to be part of it. I wish my fellow schoolmates a bright and joyful life ahead.

Entrance Scholarships for First Year Entry

FULL scholarship
(after deduction of the subsidy under NMTSS in the first year of study)
For year 1 students with a HKDSE score of 14 or above
(4 core subjects + 1 elective subject)

Entrance Scholarships for Senior Year Entry

HK\$40,000
For senior year students with a cGPA 3.0 or above

PROGRAMME DESCRIPTION

The programme aims to nurture experts in gerontology to meet the challenges of ageing population in Hong Kong. It provides students with a full scope of theoretical knowledge in gerontology care, such as social gerontology, psychogerontology, public health, and health and social services planning and management.

In this programme, students would have experiential learning opportunities to apply gerontology and interdisciplinary theories in practice settings; and be equipped with the knowledge, skills, values and attitudes necessary for competent gerontological practice in diverse settings.

CAREER PROSPECTS AND FURTHER STUDIES

This programme provides an area of specialisation for graduates to work with ageing population in multiple sectors. Graduates will be equipped with knowledge and skills required to work directly with older people or at the interface between older people and their environments in diverse settings ranging from residential homes to day care facilities, social welfare agencies, aged-friendly housing estates, or within the silver market business.

Graduates will have ample opportunities to pursue a career in areas such as aged care policy development, direct practice in health and social services with older people, health promotion and community development, silver market business and social research. They may enter the workforce as project coordinators or officers, and can be promoted to a higher position or advance to management levels after accumulating working experience in the aged care services. Graduates can also start a small business in the emerging silver market.

STUDENTS'/ GRADUATES' SHARING

Yeung King Lun

- Graduate of Bachelor of Science (Honours) in Applied Gerontology (2017)
- Currently working at Tung Wah Group of Hospitals

The Bachelor of Science (Honours) in Applied Gerontology programme helped me understand elderly with multiple angles and the ways we can work together to build a better community for senior citizens. I also had chances to communicate with different people during my internship in elderly centres, which equipped me to become a good coordinator in the workplace.

Programme Information

PROGRAMME DESCRIPTION

The programme aims to equip students with necessary knowledge, skills and attitude to meet the statutory requirements to enroll with the Nursing Council of Hong Kong (NCHK) as an Enrolled Nurse (EN). The objectives are:

- (1) To develop student's competence in health promotion, maintenance and restoration, and prevention of illness through the delivery of primary, secondary and tertiary health care in hospital and community settings;
- (2) To equip student with effective communication skills for the delivery of individualised care as well as for facilitation of teamwork;
- (3) To develop student's understanding of psychosocial, cultural and environmental dimensions of health and illness;
- (4) To equip student with critical, creative and analytical problem solving skills; and
- (5) To develop student's generic attributes for all-roundness such as capabilities for life-long learning, independent and reflective learning, and values on professionalism

PROGRAMME-SPECIFIC REQUIREMENTS

- Have obtained Level 2 in five HKDSE subjects including Chinese Language, English Language and Mathematics (“222+22”)

PROFESSIONAL RECOGNITION

The programme is recognised by The Nursing Council of Hong Kong (NCHK) as a pre-enrolment nursing training programme. Graduates are eligible to apply for the enrolment as Enrolled Nurses (ENs) “登記護士” under the Nurses Registration Ordinance (Cap 164) of Hong Kong.

CAREER PROSPECTS AND FURTHER STUDIES

After graduates have received their EN licenses, they may work in hospitals and residential care settings of the publicly and privately owned organisations as well as the non-profit organisations. Qualified ENs can become case managers if they are employed in the elderly care and rehabilitation services.

Graduates may also pursue a bachelor’s degree programme in Nursing or other disciplines at TWC and other local or overseas institutions.

STUDENTS’/ GRADUATES’ SHARING

Law Ka Man

- Graduate of Higher Diploma in Nursing (2020)

I am grateful that TWC is a place full of warm-hearted staff for giving me an opportunity to be a nurse. Professors, lecturers and clinical instructors are well equipped with nursing skills and knowledge for teaching various courses. In addition, practicing in simulation ward and clinical practicum successfully developed my clinical reasoning skills and nurtured my confidence to be a competent Enrolled Nurse upon my graduation.

Law Yeuk Lam

- Graduate of Higher Diploma in Nursing (2018)

Tung Wah College is a place full of warm-hearted staff. I have received numerous caring during my study at TWC. Thanks to all the professors and mentors who have helped me along my journey! I am now pursuing further study in order to obtain the qualifications of becoming a registered nurse.

Validity period:	01/09/2019 to 31/08/2022

Programme Information

PROGRAMME DESCRIPTION

The programme equips students with the necessary knowledge, skills and attitude to give clients and their families the care and assistance needed to live in the residential care homes. The curriculum is designed based on the concepts of caring, safety, critical thinking and professional approach to practice. The objectives of the programme are:

- (1) to develop students' ability to provide personal care and assistance that cater for the individual needs and abilities of clients/residents;
- (2) to enhance students' communication skills for the delivery of personal care as well as for the facilitation of teamwork;
- (3) to develop students' understanding of the concepts of holistic care that promotes the client/resident's physical, psycho-social and spiritual health and wellbeing;
- (4) to facilitate student's development in analytical problem solving skills; and
- (5) to develop students' basic skills to practise in residential care homes for the elderly and persons with disabilities.

PROGRAMME-SPECIFIC REQUIREMENTS

- A permanent resident of the HKSAR aged 17-29;
- Fluent in Cantonese and written Chinese;
- Be able to read and write simple English;
- Has successfully completed Form 5 education or any equivalent qualification that is recognised by the Education Bureau.

PROFESSIONAL RECOGNITION

Students who have successfully completed the first year of the programme are eligible to apply for registration with the Social Welfare Department (SWD), HKSAR as a Health Worker “保健員”.

CAREER PROSPECTS AND FURTHER STUDIES

Graduates may serve in residential care homes, day care centres, or health-care clinics in the community. Those who want to pursue further study for career advancement to professional level are eligible to apply for the learning programme at QF level 4.

Remarks:

- (1) Tung Wah College will adjust the tuition fee of its programmes based on the Composite Consumer Price Index to be announced by the Government annually.
- (2) Tuition fees are normally charged by two instalments per annum and are payable before the commencement of each semester. New students are required to settle the balance of the tuition fee for the first semester (i.e. after deducting deposit) upon programme registration in August.
- (3) Students are required to pay additional fees for all retake/additional courses which would be charged at the rate of the normal cohort and be calculated by the number of credits to be taken. Please refer the details in the College's Fees Regulation at https://www.twc.edu.hk/en/Administration_Units/fo/our_service/student-area.
- (4) This represents the programme fee after deduction of subsidy of the Non-means-tested Subsidy Scheme for Self-financing Undergraduate Studies in Hong Kong (NMTSS). In 2020/21 academic year, the annual subsidy is \$32,100. The annual subsidy amount may vary in each academic year subject to the decision by the Education Bureau.
- (5) The tuition fee for the programme under the Study Subsidy Scheme for Designated Professions/Sectors (SSSDP) is the net fee paid by a student after deduction of subsidy from the Government. In 2021/22 academic year, the annual subsidy under the SSSDP is \$76,800 for laboratory-based undergraduate programmes. The annual subsidy amount may vary in each academic year subject to the decision by the Education Bureau.
- (6) The tuition fee for the programme under the Study Subsidy Scheme for Designated Professions/Sectors (SSSDP) is the net fee paid by a student after deduction of subsidy from the Government. In 2020/21 academic year, the annual subsidy under the SSSDP is \$37,300 for laboratory-based sub-degree programmes. The annual subsidy amount may vary in each academic year subject to the decision by the Education Bureau.
- (7) The programme of the Diploma in Health Studies is developed under the "Navigation Scheme for Young Persons in Care Services" which is administered by Tung Wah Group of Hospitals (TWGHs).
- (8) The programme fee for the Diploma in Health Studies is payable to TWGHs. It is tentative and subject to adjustment.
- (9) All fees paid are non-refundable and non-transferable.
- (10) For enquiry, please contact the Finance Office with details below

General Admission Requirements

DEGREE PROGRAMMES

Year 1 Entry

For Year 1 entry to degree programmes, applicants should meet one of the following requirements:

1. Have obtained Level 3 in Chinese Language and English Language and Level 2 in Mathematics and Liberal Studies plus one Elective/Applied Learning Subject at Level 2 ("3322+2") in HKDSE; OR
2. Have passes in AS Use of English and AS Chinese Language and Culture plus one AL subject/two AS subjects in HKALE and Level 2 for Chinese Language and English Language plus passes in three other subjects in HKCEE; OR
3. Have obtained the International Baccalaureate (IB) Diploma with a minimum score of 24 and fulfilled the English language requirements:
 - i. Grade 4 or better in the Higher Level English Language (B Syllabus); or
 - ii. Grade 5 or better in the Standard Level English Language (B Syllabus); or
 - iii. Grade 4 or better in the Higher or Standard Level English Language (A1 or A2 Syllabus); or
 - iv. Grade 4 or better in the Standard Level English - Text and Performance; or
 - v. Grade 4 or better in the Standard Level English - Literature and Performance (A1 syllabus); OR
4. Have met the 2nd cut-off line of the respective province for admission to mainland key universities in the National Joint College Entrance Examination (JEE) and the scores of English Language is over 100 (普通高等學校聯合招生考試 (JEE,PRC) 達到所屬省市報讀第二批重點高校分數線以上及英語科達100分或以上) *Or the "cut-off line for undergraduate studies" (for provinces and cities where the 1st and 2nd cut-off lines are combined) 或「本科批次」分數線 (適用於「本科一批」及「本科二批」合併為「本科批次」的省市); OR
5. Have obtained equivalent qualifications (such as meeting the admission requirements of a degree programme offered outside Hong Kong).

Senior Year Entry

Individual undergraduate programmes admit students for senior year entry. Applicants should meet one of the following requirements:

1. Have completed an Associate Degree Programme (AD) or Higher Diploma Programme (HD) of the relevant subject/discipline; OR
2. Have obtained equivalent qualifications.

Students admitted to the Senior Year may be required to satisfactorily complete some bridging courses. The bridging courses can be Discipline courses or General Education courses offered in the first two years of the curriculum.

SUB-DEGREE PROGRAMMES

Year 1 Entry

For Year 1 entry to sub-degree programmes, applicants should meet one of the following requirements:

1. Have obtained Level 2 in five HKDSE subjects including Chinese Language and English Language ("22+222"). (Each applicant is allowed to use not more than two Applied Learning subjects in the application); OR
2. Have obtained a pass in one AL subject or passes in two AS subjects in HKALE and five passes in HKCEE including Chinese Language and English Language; OR
3. Have obtained a pass in one AL subject or passes in two AS subjects in HKALE and three passes in HKCEE plus Level 2 for Chinese Language and English Language; OR
4. Have successfully completed a Pre-Associate Degree programme; OR
5. Have successfully completed Diploma Yi Jin programme; OR
6. Have obtained equivalent qualifications; OR
7. Have reached the age of 21 or above.

(Note: Mainland applicants with National Joint College Entrance Examination (JEE) results will also be considered. 持普通高等學校聯合招生考試成績之內地申請人亦將予以考慮。)

ALTERNATIVE CHINESE LANGUAGE (ACL) FOR NON-CHINESE SPEAKING STUDENTS

For non-Chinese speaking students, TWC accepts the following two alternative qualifications in Chinese Language (ACL):

1. Students obtained the minimum grade in the Chinese Language under GCE, GCSE and IGCSE.

Examination	Subject	Minimum grade required
General Certificate of Education Examination (GCE) – (Advanced Level) (only UK accredited GCE will be considered)	Chinese Language	Grade E
General Certificate of Education Examination (GCE) – (Ordinary Level) (only UK accredited GCE will be considered)		Grade C
General Certificate of Secondary Education Examination (GCSE)		Grade 4 or C
International General Certificate of Secondary Education Examination (IGCSE)		Grade 4 or C

2. Student obtained the grade “Attained”, “Attained with Distinction (I)” or “Attained with Distinction (II)” in the Applied Learning Chinese (ApL(C)). The recognition of the ApL subjects is as follows:
 - “Attained” is comparable to Level 2 in the HKDSE Examination, which is qualified to apply for Sub-Degree programmes only;
 - “Attained with Distinction (I)” is comparable to Level 3 in the HKDSE Examination, which is qualified to apply for BOTH Undergraduate and Sub-degree programmes;
 - “Attained with Distinction (II)” is comparable to Level 4 or above in the HKDSE Examination, which is qualified to apply for BOTH Undergraduate and Sub-degree programmes.

Graduation Requirements

To be considered for the award of a qualification, a student shall:

1. Have completed the minimum required credit units as prescribed for the programme with a Graduation Grade Point Average (gGPA) of at least 2.0;
2. Have achieved GPA of 1.0 or above for all courses in the programme;
3. Have satisfied the requirements of the graduation project / practicum, if any, as prescribed for the academic programme;
4. Have completed the Work Integrated Learning Programme / Community Service programme, if any, as required by the programme; and
5. Have attained a valid score of 6.0 in IELTS or equivalent (for degree level programmes only). (Students would be considered as having fulfilled the requirement if they have obtained a valid score in IELTS or equivalent at the commencement of the programme.)

All scholarships and bursaries are subject to availability of funding.

[^] After deduction of the subsidy under the Non-means-tested Subsidy Scheme for Self-financing Undergraduate Studies (NMTSS) for the first year of study

FINANCIAL ASSISTANCE

The Student Finance Office (SFO) of the Hong Kong SAR Government provides a number of financial assistance schemes. The following schemes are available for eligible local students of TWC:

- **Financial Assistance Scheme for Post-secondary Students (FASP)**
- **Non-means-tested Loan Scheme for Post-secondary Students (NLSPS)**

The NLSPS is used to complement the FASP to provide loan(s) to eligible students to settle tuition fees. Therefore, eligible full-time students who apply for financial assistance under the FASP may concurrently apply for loan(s) under the NLSPS.

For more information, please visit www.wfsfaa.gov.hk

Contact Information

Online Application*	www.twc.edu.hk/admission
Address	31 Wylie Road, Homantin, Kowloon, Hong Kong
Tel	(852) 3190 6673
Email	applytwc@twc.edu.hk
Website	www.twc.edu.hk

* **Application fee (for up to 3 programme choices): HK\$ 200 (Local applicants)
HK\$ 400 (Non-local applicants)**

- An additional of HK\$100 will be charged for each programme choice starting from the 4th programme choice.
- Applicants who are (i) studying Form 6 in TWGHs secondary schools AND (ii) current HKDSE candidates (i.e. 2021 HKDSE) do not need to pay the application fee.
- Applicants who are (i) studying Form 6 in one of the member schools of the Associate of Hong Kong Chinese Middle Schools (AHKCMS) AND (ii) current HKDSE candidates (i.e. 2021 HKDSE) would be granted a waiver of 50% of the application fee.

Remarks:

- **2021 HKDSE students should submit applications through JUPAS for the following five programmes:**

JUPAS Catalogue No.	Programmes
JSST01	Bachelor of Health Science (Honours) in Nursing
JSST02	Bachelor of Science (Honours) in Medical Laboratory Science
JSST03	Bachelor of Science (Honours) in Radiation Therapy
JSST04	Bachelor of Science (Honours) in Occupational Therapy
JSST05	Bachelor of Science (Honours) in Physiotherapy

* There are NO self-financing places for the above programmes.

- **Should there be unfilled Year 1 Entry places after all admission rounds under JUPAS, local non-JUPAS applicants would be admitted via direct admission of no more than 10% of the subsidized places of the SSSDP programme concerned (<https://www.cspe.edu.hk/en/sssdp/application.html>). The number of unfilled SSSDP places, if any, and details of the application arrangement will be announced on our College website (www.twc.edu.hk) around August 2021.**
