### 全新葵興校舍

#### The new Kwai Hing Campus

葵興校舍臨床護理模擬訓練實驗室。  
Nursing Clinical Simulation Training Laboratory in Kwai Hing Campus.

為配合護理學課程發展，學院耗資近3,000萬元，於新界葵涌九龍貿易中心設立葵興校舍。新校舍會於2019/2020學年內投入使用。

位於九龍貿易中心第二座十六樓的新校舍，面積超過2,300平方米，毗鄰葵興港鐵站，交通便利。新校舍設備一應俱全，除設有圖書館、電腦室、課室等基礎教學設施，亦特別設有一間臨床護理模擬訓練實驗室。

實驗室設有25張病床及兩個臨床護理模擬訓練室，供護理學學生進行臨床訓練之用。校舍亦設有演講廳，可用作授課或舉行大型活動，如學術座談會。

校長呂汝漢教授，MH對葵興校舍的啟用感到鼓舞，他指出學院近年發展迅速，開辦的課程日趨多元化，學生人數亦每年創新高，惟目前現有校園空間未能配合學院長遠發展。新校舍的啟用能為同學提供更大的上課及活動空間，亦印證學院一直致力改善校園設施，為同學提供更理想的學習環境。

To cater for the development of the nursing programmes, TWC spent about HK\$30 million to establish a new Kwai Hing Campus (KHC) in Kowloon Commerce Centre (KCC), Kwai Chung. TWC is pleased to announce that KHC would commence operation in academic year 2019/2020.

Conveniently located on the 16th floor of Tower B of KCC, which is adjacent to Kwai Hing MTR Station, the new campus covers an area of more than 2,300 square metres. It comprises teaching and learning facilities such as library, computer centre, classrooms, and a specially-designed nursing clinical simulation training laboratory. Equipped with 25 beds and two simulated training rooms, the laboratory is set up to provide extensive clinical training to nursing students. An auditorium also serves as an ideal venue to hold lectures and organise large-scale activities such as academic seminars.

President Prof. Yu-hon Lui, MH, said he was pleased to witness the opening of KHC as the College has been developing rapidly in terms of student numbers and programme scopes and is facing the challenge of limited campus space. Opening of KHC could provide more learning and activity space for students and serve as a testament that the College is committed to improving campus facilities to provide an ideal learning environment.

### 幼兒遊戲／學習實驗教室

#### Early Childhood Play/Learning Laboratories

為配合學院深化幼兒教育「遊戲中學習」的概念，學院斥資近\$300萬在旺角校舍B座20樓及21樓，興建幼兒遊戲／學習實驗教室。實驗教室以「自然」為主題，使用木材作為建造材料，可分為運動區、美術與探索區、圖書及家居角，提供廣闊空間和多款玩具供兒童玩耍。

興建幼兒遊戲／實驗教室，將有助修讀幼兒教育的同學透過觀察兒童在實驗室玩耍，深入體會「遊戲中學習」在幼兒教育的重要性，明白遊戲對啟迪兒童思維，增強語言能力和肌肉發展等各方面的益處。

學院在2019年8月24日舉行玩樂日，十位年齡介乎數個月大至四歲的小朋友，在家長陪同下，獲邀到實驗室體驗各種設施。

To promote the concept of “Learning through Play” in early childhood education, TWC invested nearly HK\$3 million to build two play laboratories on the 20th and 21st floors of Tower B at Mongkok Campus. Adopting “natural” as the design theme, the laboratories are built with wooden materials.

They comprise a motor area, an art and exploration area, books and home corners to provide different games and toys for children’s play. Students of early childhood education could gain a better understanding of the benefits playing could bring to children by interacting with them in the laboratories.

TWC organised a Fun Day on 24 August 2019 to invite ten children and their parents to come and experience the laboratories’ facilities.

The movable shelters make the 3/F Podium an ideal place for students to have their meals.

## 開合式座位系統

### Retractable seating system

學院斥資\$156萬在京士柏校舍20樓禮堂添置開合式座位系統。系統由4個獨立組件組合而成，共可提供164個固定座位及40個可移動式座位，能容納大批觀眾，供學院舉辦如開學禮、學術研討會等大型活動。

TWC spent HK\$1.56 million to acquire a retractable seating system on 20/F Hall of King's Park Campus. Comprised of four standing sets, the system could house a large audience by providing 164 fixed seats and 40 movable seats.

The laboratory is equipped with a comprehensive collection of human models and advanced physiological equipment to provide accurate and immediate physiological data for students to understand the workings of the human body.

## 獲捐款添置醫療化驗儀器

### Receiving generous donation to acquire medical laboratory equipment

學院榮幸獲得方樹福堂基金及方潤華基金捐款\$120萬，連同政府第七輪配對補助金計劃提供的\$120萬元配對補助金，添置「基質輔助激光解吸電離飛行時間質譜儀」，以支援醫療化驗科學課程的發展。

為答謝基金慷慨捐贈，儀器將命名為「樹華基質輔助激光解吸電離飛行時間質譜儀」，學院並在2019年12月9日舉行儀器命名典禮，基金副主席方文雄先生，BBS, JP親臨主禮，為儀器啟用揭幕。

The College is honoured to receive a donation of HK\$1.2 million from the Fong Shu Fook Tong Foundation and Fong's Family Foundation and an equal amount of matching grant from the government under the Seventh Matching Grant Scheme, to acquire the Matrix – Assisted Laser Desorption Ionization – Time of Flight Mass Spectrometer to support the development of the medical laboratory science programme.

The equipment is named after the two foundations as “Shu Wah Matrix – Assisted Laser Desorption Ionization – Time of Flight Mass Spectrometer” in appreciation of their generous donation. A naming ceremony was held on 9 December 2019. Mr. David Fong, BBS, JP, Vice-Chairman of the Fong Shu Fook Tong Foundation and Fong's Family Foundation, graced presence and officiated at the ceremony.

# 心繫社會 緣聚學院 社商企業持續發展管理學課程的新生

## As the fervent hearts meet in TWC

## Students of new management programme in social and business sustainability

學院在2019/2020學年正式開辦社商企業持續發展（榮譽）管理學學士課程。這項管理學課程屬全港首創，著重跨學科學習，同學將透過修讀商業及與社會可持續發展相關的學科，成為兼具商業機構、社會企業及非牟利組織管理知識的專才。這項課程有助提升學生分析社會問題及解難能力，可作為中學文憑試選修「健康管理與社會關懷」的同學的理想升學選擇。

課程第一屆學生在2019年9月入學。他們除來自本港，亦有來自內地各個省市。儘管背景有所不同，但他們均懷着一顆服務社會的心，並有著清晰目標，未來成為專業社商企業管理人才。

Students of the programme enjoy lunch with their teachers. Ms. Ceci Wang (right 1) from Shandong Province considers lessons of the programme practical and warm.

The College is pleased to announce the official launch of the Bachelor of Management (Honours) in Social and Business Sustainability in academic year 2019/2020. As the first management programme of its kind in Hong Kong, it places emphasis on transdisciplinary learning - students would take both business and social sustainability-related courses and equip themselves to become professional management talents desirable to businesses, social enterprises and non-profit organisations. The programme carries special appeal to secondary school students who take Health Management and Social Care as an elective subject in the HKDSE, as it would effectively enrich their knowledge in analysing and addressing social problems.

The College embraced the first cohort of students in September, 2019. Though they share different cultural backgrounds, they all carry a fervent heart to serve society and have set out their clear goal to become professional social and business management talents in the future.

## 內地同學支援措施

### Support to mainland students

隨著學院的收生工作拓展至中國內地，學院在新學年錄取了來自廣東、山東、河北及重慶等多個省市的同學。學生事務處一直與他們保持緊密聯繫，並提供適切的協助。

As the College extends student recruitment work to Mainland China, students have been admitted from various provinces and cities such as Guangdong, Shandong, Hebei and Chongqing in the new academic year. The Student Affairs Office has been maintaining close contact with the students to provide appropriate assistance.

### 朋輩師友計劃

#### Peer Mentorship Programme

為協助新生更快適應學院生活，學生事務處邀請所有新生參加朋輩師友計劃，以建立朋輩支援網絡。學生事務處分別於2019年9月11日及10月16日，舉辦午餐派對及燒烤午餐，讓一眾同學互相認識。

All freshmen are invited to be mentees of the Peer Mentorship Programme. It aims to provide a platform for them to build up peer network and gain mutual support from each other. A welcome lunch party and BBQ gathering were held on 11 September and 16 October 2019 respectively to provide opportunities for the students to get to know each other.

### 與校長午膳

#### Luncheon with the President

學生事務處於2019年9月23日和10月18日，安排內地、本地新生及其學長，與校長呂汝漢教授，MH午膳，讓同學能在輕鬆環境下與校長交流，學院亦從中更明白新生的學習需要，提供適切的協助。

The Student Affairs Office organised two luncheons for the freshmen and their mentors to meet with President Prof. Yu-hon Lui, MH, on 23 September and 18 October 2019 respectively. The students had a friendly conversation with the President and expressed their learning needs during the luncheons, which serve as an effective channel for the College to understand their concerns, and so as to provide them with appropriate assistance.

## 暑期體驗班 2019

### Summer Taster Programme 2019

學院於2019年6月底至七月初，舉辦多場暑期體驗班，吸引超過200名中學生參加。體驗班透過舉辦體驗課堂和工作坊，讓同學探索不同學科範疇，當中包括社商企業持續發展、心理學、幼兒教育、職業治療學及物理治療學等，更深入了解學院課程及出路。

TWC organised the Summer Taster Programme 2019 for secondary school students in late June to early July 2019. More than 200 secondary school students joined the programme. Through experiential classes and workshops, the participating students explored programmes of different disciplines such as social and business sustainability, psychology, early childhood education, occupational therapy and physiotherapy and gained a deeper understanding of the programme details and career prospects.

## 2019/2020年度學院迎新日

### Student Orientation Day 2019/2020

學院舉辦迎新日為新生提供學院資訊。

The College holds the Orientation Day to provide College information to the new students.

學院於2019年8月30日舉辦2019/2020年度迎新日。今年學院合共收到超過6,000份直接入學申請及逾19,000份「大學聯合招生辦法」申請，最終錄取了超過890名新生，創歷史新高。

校長呂汝漢教授, MH為迎新日揭開序幕，致辭時提到學院新學年有不少突破，如成功開辦社商企業持續發展（榮譽）管理學學士課程及啟用葵興校舍，他亦勉勵同學，在新學年要勤勉向上，追求卓越，不負師長及家人的期望。

TWC held the Student Orientation Day 2019/2020 on 30 August 2019 to welcome a new cohort of students. This year, the College received over 6,000 direct applications and more than 19,000 applications through the Joint University Programmes Admissions System (JUPAS). With more than 890 new students, the College has reached a historical high in student admission.

President Prof. Yu-hon Lui, MH, highlighted the major breakthroughs made by the College this year in his welcoming speech, including the successful launch of the Bachelor of Management (Honours) in Social and Business Sustainability programme and opening of Kwai Hing Campus. The President also encouraged students to pursue excellence in the new academic year.

## 學院資訊日2019

### Information Day 2019

聯招升學講座吸引大批同學及家長參加。

The admission seminars record a high turnout of students and parents

學院於2019年11月9日舉行資訊日，提供入學及學院課程資訊，開放京士柏及旺角兩個校舍，供來賓參觀，吸引大約一千名學生、家長及其他公眾人士到訪。

除開放護理學、物理治療、放射治療等多個實驗室，學院在今年的資訊日，亦特別在京士柏校舍十四樓，開設社商企業持續發展展示中心，向來賓介紹課程內容。

學院當日亦舉辦兩場聯招選科策略講座，由學友社學生輔導顧問吳寶城先生及學友社項目主任（註冊社工）陳衍宗先生主講，為一眾中學文憑試考生，提供實用升學選科資訊。

TWC held the Information Day 2019 on 9 November to provide admission and programme information of the College. About 1,000 visitors including students, parents and other members of the general public participated and toured the King's Park and Mongkok campuses of TWC.

Apart from opening a wide range of laboratories of nursing, physiotherapy and radiation therapy programmes for guest visits, the College set up a Social and Business Sustainability Hub on 14/F of King's Park Campus to introduce the newly launched Bachelor of Management (Honours) in Social and Business Sustainability programme.

Two admission seminars were also held that day. Mr. Ng Po Shing, Student Guidance Consultant and Mr. Chan Hin Chung, Senior Project Officer (Registered Social Worker) of Hok Yau Club, were invited as guest speakers to give insights on programme selection strategy in JUPAS.

## 香港職業治療學會會長訪問東華學院

### Visit by Chairperson of the Hong Kong Occupational Therapy Association

香港職業治療學會會長鄭慧慈女士於2019年8月29日訪問學院, 與學院職業治療一眾師生會面, 並共晉午餐。鄭女士對學院的同學過去積極參與學會活動致謝, 又稱歡迎各同學申請成為職業治療學會會員。她亦特別提及學會下設不同的專題小組 (SIG), 如智障人士服務關注小組, 同學可透過加入小組, 運用所學, 回饋社會。東華學院亦將安排職業治療學會代表到學院舉辦各類型活動, 與同學分享職業治療新知。

Ms. Stella Cheng, Chairperson of the Hong Kong Occupational Therapy Association (HKOTA) paid a visit to TWC on 29 August 2019. Having a fruitful lunch with the students, she expressed her gratitude to the students for their enthusiasm in participating the Association's activities. She also encouraged the students to become members of the Association and to join various Special Interest Groups (SIGs) to contribute their knowledge and skills to society. TWC would in turn arrange more opportunities for HKOTA representatives to come to TWC and share with students via talks and gatherings.

## 為何實行STEM教育？

### Why STEM Education?

政府於2015年開始推廣STEM教育(「數理科技教育」)，是一門提倡綜合學習科學 (Science)、科技 (Technology)、工程 (Engineering) 及數學 (Mathematics) 四個知識範疇的教育模式。STEM鼓勵學生應用不同學科的知識與技能，而不把個別學科視作獨立個體去學習，並旨在培養學生終身學習的精神。

不少人或感好奇，幼兒園到底能如何應用STEM？顯然，幼兒學習科學、科技、工程和數學的方式，與年齡較大的學童不同。在幼兒教育範疇，我們旨在培育孩子認識科學，培養他們的批判思維，期望他們能按照實際情況，觀察和分析各種觀點，並運用創意來解決問題，最終目標是提高他們的表達能力和發掘領導才能。

黎紀怡女士  
Ms. Joey Lai

人文學院講師  
Lecturer of the School of Arts and Humanities

STEM education, which advocates transdisciplinary learning of Science, Technology, Engineering and Mathematics, has become one of the focus areas in education since it was introduced by the Hong Kong Government in 2015. It promotes integrated learning instead of learning each subject separately. It aims to encourage students to apply their gained knowledge and acquired skills across various disciplines, and to nurture their lifelong learning spirits in the meantime.

Some may be curious - how would kindergartens apply STEM? Apparently the way young children learn science, technology, engineering and mathematics is remarkably different from those who are older.

In preschool education, we aim to prepare children to become critical thinkers with increased science literacy, and to encourage them to employ creative and innovative approaches to solve real-life problems by observing and analysing different viewpoints. Our ultimate goal is to enhance their communication skills and cultivate leadership talents.

# 語文增潤中心暑期活動 推廣愉快語言學習

## Summer activities of CAPLE promote language learning with fun

學院於2016年成立語文增潤中心，為學生提供語文學習上的支援。除提供語文諮詢服務，中心亦舉辦不同類型工作坊及活動，以推廣英語等外語學習及西方文化。中心在剛過去的暑假舉辦了一連串活動供學生參加。

The Centre for Academic and Professional Language Enhancement (CAPLE) is TWC's language learning support unit for students. Since its establishment in 2016, the Centre has provided consultation services and organised various workshops and activities to promote the learning of English and other foreign languages, as well as Western culture. A series of activities was held last summer for students to join.

### 工作體驗學習計劃 - 東華三院社會服務科

#### Work Integrated Learning Programme - TWGHs Community Services Division

譚諾謙

Mr. Jason Tam Lok Him

應用心理學（榮譽）社會科學學士三年級生

Year 3 student of Bachelor of Social Science (Honours) in Applied Psychology

東華三院社會服務科一眾同事為譚諾謙同學（左行前四）舉行歡送午宴。  
Mr. Jason Tam (Fourth from bottom left) receives good wishes from his colleagues in TWGHs Community Services Division at a farewell lunch.

十分高興能透過參加學院的工作體驗學習計劃，獲得在東華三院社會服務科（服務發展部）實習的機會，參與推行東華三院的「青年護理服務啟航計劃」，由此過了一個饒富意義的盛夏。

實習期間，我除了負責一般行政工作，亦透過為學員舉辦活動和個案探訪，了解到社工工作的真實面貌。工作縱然繁重，但能按時完成，成功及滿足感油然而生。計劃主管及同事對我評價正面，對我充分信任，增強了我的自信。實在非常感謝學院及東華三院給予我是次機會。

I am so glad that I was provided an internship opportunity this summer in the TWGHs Community Services Division (Service Development Section) through the Work-Integrated Learning Programme (WILP) organised by the College. I contributed in formulating the Navigation Scheme for Young Persons in Care Services of TWGHs and gained a meaningful and unforgettable experience.

During my internship, I was responsible for handling general administrative duties, organising activities for the mentees and conducting case visits. From it I could have a glimpse of the many facets of the work of social workers. My supervisor and colleagues gave positive feedback about my work performance and raised my self-confidence. I am deeply grateful to the College and TWGHs for providing me the valuable internship opportunity.

在加拿大這所知名大學學習和參與社會文化活動，令我變得更勇於接受新事物，擴闊國際視野。在四星期課程中，我認識到許多來自不同國家的同學，彼此建立了深厚的友誼，亦讓我明白身處多元社會，要學會聆聽不同的聲音，認識及接受各國文化差異。

Through the summer programme I was provided the opportunity to participate in social-cultural activities in such a reputable university in Canada. This makes me become more open-minded and has broadened my global horizons. In the 4-week programme, I have made lasting friendships with students of different nationalities. I have also learnt that as a member of a multi-cultural society, one has to listen to different voices, understand and embrace cultural differences.

## 健康科學文憑課程新加坡學術考察團

### Study tour to Singapore for students of Diploma in Health Studies

二十位修讀健康科學文憑（青年護理服務啟航計劃）課程的同學，於2019年8月29日至9月1日前赴新加坡，考察當地的老人服務。

隨著新加坡人口日趨老化，當地社會對老人復康服務需求日增。同學此行除了考察當地老人服務概況，亦旨在了解新加坡政府如何應對人口老化所帶來的挑戰。一連四日的行程，同學到訪了專為老人而設計的公共房屋社區項目「海軍部村莊」（垂直甘榜村莊），並參觀多個殘障人士支援設施，如賦能村及尊嚴廚房等。

Twenty students of Diploma in Health Studies (Navigation Scheme for Young Persons in Care Services) participated in a study tour to Singapore from 29 August to 1 September 2019.

As the Singaporean society is currently facing the challenge of ageing population, the demand for elderly care and rehabilitation services grows rapidly. The 4-day study tour allowed students to understand how the Singaporean government addresses the challenges of ageing population. The students visited Kampung Admiralty (Vertical Kampung village), a public housing community project designed for the elderly, and other support centres to people with disabilities such as Enabling Village and Dignity Kitchen.
